Govt confident of keeping 2021-22 borrowing costs below 6%: Official

REUTERS
Mumbai/New Delhi, Feb 8

THE GOVERNMENT IS confident that it can obtain funds for its massive 2021-22 borrowing programme at below 6%, as the central bank has given assurances that it will provide ample liquidity, two senior officials told Reuters.

Bond yields surged on Friday following the central bank's policy meeting amid investor concerns about market liquidity and the government's ₹12.06 lakh crore (\$165.56 billion) borrowing programme.

While the Reserve Bank of India (RBI) kept rates at record lows and pledged to provide liquidity to keep markets orderly, investors were disappointed by the lack of clarity about such support with no bond purchase calendar published.

"RBI has assured us that the borrowing for 2021/22, yields will be comfortable and we expect it to not top 5.9% for the fiscal," one of the two sources said.

He added that the government's long-term average bor-

While the RBI kept rates at record lows and pledged to provide liquidity to keep markets orderly, investors were disappointed by the lack of clarity about such support with no bond purchase calendar published

rowing cost is expected to be between 5.8-5.9% in the fiscal year starting April.

"The RBI has shown that it will not blink as was evident in the auction results," a second

source who asked not to be named as he was not cleared to discuss the matter publicly said.

Amid the wider market ructions on Friday, the central bank sold only ₹9,000 crore of bonds versus ₹10 billion it had set out to sell, with underwriters buying ₹8,810 crore worth of the paper, after the market demanded higher yields.

"The RBI has done whatever the market has needed and wanted all of last year, so they need to trust the central bank. There is no question of an open market operations (OMO) calendar," the source added.

The source explained an OMO calendar was not feasible as OMO scheduling was usually dependent on the less certain timing of the RBI's dollar buying interventions in the foreign exchange market, which release rupee liquidity.

The RBI did not immediately respond to queries while the finance ministry declined to comment.

The sources said since there has been no change in the macroeconomic conditions and with interest rates and liquidity

conditions remaining the same, there is no reason for long-term yields to rise.

The central bank on Friday reiterated that its policy stance is expected to remain accommodative for at least the current financial year.

The second source said an RBI decision to allow banks to hold a larger number of bonds in their held-to-maturity category for an additional year to March 2023, protects them from valuation losses while direct access to government bonds for retail investors will also ease pressure on the market.

The sources said the RBI could use open market purchases, long-term repos or other tools to infuse rupees back into the system, after reinstating a higher cash reserve ratio for banks from March. Such infusions will likely be about ₹3 lakh crore, they said.

"The markets-RBI face-off could keep yields elevated in the near term," said Madhavi Arora, economist at Emkay Global. "However, any premature tightening of the financial condition is unwanted at this juncture."

India proved wrong all those who raised apprehensions: PM on govt's handling of Covid-19

PRESS TRUST OF INDIA
New Delhi, February 8

PRIME MINISTER NARENDRA Modi on Monday took on the opposition parties for criticising the government's handling of the Covid-19 pandemic, and said India has proved wrong all those who raised apprehensions.

Replying to the Motion of Thanks on the President's Address, Modi said there were predictions like crores would be infected and lakhs would die.

The world today appreciates India's efforts in saving humanity, and the credit does not go to any government or individual, "but the credit goes to Hindustan", he said.

Criticism is fine but one should indulge in acts that can break the confidence of the country, the prime minister said. Modi said India emerged as a hub of pharmacy for the world during the pandemic, and added that the country is implementing the world's largest vaccination programme.

He also complemented the scientist community for coming up with a vaccine for the coronavirus in a very short time.

UP sugar season halfway down, 31 sugar mills yet to open accounts

Dues worth ₹8,000 crore pile up

DEEPA JAINANI
Lucknow, February 8

THE SUGAR CRUSHING SEASON in the country's largest cane growing state of Uttar Pradesh has crossed the halfway mark and the 120 sugar mills in the state have piled up arrears worth ₹7,879 crore, as on February 2. The dues in the corresponding period last year stood at ₹5,948 crore.

According to data accessed by FE, while the state's average payment is 46%, as many as 31 sugar mills have not even started the payment process this season. Of these 31 mills, 11 mills are of the cooperative sector, 10 mills are of Bajaj Hindusthan, three of Simbhaoli Sugars, 2 mills each of Modi Sugars and Yadu groups and one each of Shamlji, Gadora and Captainganj.

Of the 14 sugar mills operated by the Bajaj group, 10 mills have not even opened their accounts while the remaining four have made minuscule payments. The group's average payment is 0.08%. The Simbhaoli, Modi and Yadu groups too, have made 0% payments yet. However, on the other hand, others have cleared a substantial amount

Not only the bigger groups, some individual mills too, have outperformed, with Parsendi, in Bahraich having cleared 105% of its dues, Tikaula paying farmers almost 80% of their cane dues

of their dues.

The DSCIL group, which operates four mills, has a payment percentage of 90%, while Balrampur Chini's 10 sugar mills have paid 86% of its dues. Dwarikesh Sugar and Dalmia too, have cleared 83% and 81% of their dues, while Triveni and Birla Sugars have cleared 76% and 71% of their dues respectively.

Not only the bigger groups, some individual mills too, have outperformed, with

Parsendi, in Bahraich having cleared 105% of its dues, Tikaula paying farmers almost 80% of their cane dues, Biswan, in Sitapur clearing 77% of the payments and Daurala and Pilibhit clearing 75% and 73% respectively.

"Every year, it is the same story. A handful of defaulter mills bring down all the good work done by the progressive mills. And what is worrisome for the sector is the fact that the mismanagement of the few defaulters is always overlooked by the state government. No action is taken against them, which acts as a dampener for those who work hard to keep their books clean," said a mill owner requesting anonymity.

What is interesting is that the 24 cooperative mills in the state have paid only 11% of their dues. While the total cane dues of these 24 mills stand at ₹1,006 crore, they have managed to pay only ₹121 crore so far.

"Most of the cooperative mills incur losses every year and the state government is forced to spend crores on their maintenance and settling the farmers' cane dues. Many of these are old and loss-making and face the problem of overstaffing, thereby bleeding the state exchequer," said official requesting anonymity.

Won't allow biz over hunger; need law on MSP: Rakesh Tikait

FARMER LEADER RAKESH Tikait said business over hunger will not be allowed in the country and once again demanded a law on minimum support price (MSP) for crops along with the repeal of new contentious agrimarketing laws.

Tikait also accused the prime minister of "confusing" people over the issue of MSP and said the farmers unions

protesting the new laws are open to discussions with the government. The Bharatiya Kisan Union spokesperson's comments came soon after Prime Minister Narendra Modi's address in the Rajya Sabha during which he assured "MSP was there. MSP is there. MSP will remain in the future."

"There will not be business over hunger in the country. If

hunger goes up, price of crops will be decided accordingly. Those wanting business over hunger will be driven out of the country," he said.

"The way rates of a flight ticket fluctuate three to four times a day, the price of crops will not be decided the same way," Tikait said. On PM's assurance for MSP, he said the farmers never said there was no MSP

for crops in the country but are demanding a law for it.

"The PM is confusing it. We never said there is no MSP, we have only demanded a law on MSP. If that is done then it will be helpful for farmers of the country. At present, the businessmen are looting farmers by paying half the rates. This is what we have said," he said.
